

TEJASKUMAR PATEL

Senior iOS Engineer

+49 15510682854 • itejaskumarpatel@gmail.com • [linkedin/tejas786u](https://www.linkedin.com/in/tejas786u) • Berlin, Germany

PROFESSIONAL SUMMARY

Senior iOS Engineer with 10+ years of experience building consumer-grade, high-performance applications across startup and enterprise environments. Deep expertise in Swift, SwiftUI, and UIKit, with a consistent focus on clean architecture, CI/CD, and user experience. Comfortable owning features end-to-end, From architecture decisions to App Store delivery. Experienced working in cross-functional, fast-paced teams and genuinely excited about the intersection of AI and productivity tools.

PROFESSIONAL EXPERIENCE

Technical Lead – iOS | Cognizant Technology Solutions | Hyderabad, India *Dec 2023 – Dec 2025*

- Led a team of 5 - 6 engineers across architecture decisions, code reviews, and day-to-day mentoring on a large-scale consumer product.
- Owned full feature delivery, from design alignment through App Store submission and production monitoring across multiple iOS product lines.
- Built a new SwiftUI module adopted by 1M+ users, achieving a 30% performance improvement through architecture optimisation.
- Enforced Clean Architecture and TDD, reducing post-release defects by 25% on a high-traffic consumer app.
- Managed CI/CD pipelines (GitHub Actions, Fastlane) and introduced feature flag-driven delivery for safer, faster releases.
- Reduced crash rates using Firebase Crashlytics monitoring, maintaining strong reliability metrics at scale.

Team Lead – iOS | Ebizz Infotech LLP | Surat, India *May 2020 – Sep 2023*

- Shipped 5+ consumer-facing iOS apps end-to-end in a startup environment; contributed to 5x user engagement growth and 15% increase in App Store downloads.
- Took full product ownership of features from concept through design collaboration to App Store release.
- Set up and maintained CI/CD pipelines using Jenkins and Fastlane, improving deployment efficiency by 20%.
- Integrated RESTful APIs with URLSession and improved networking reliability across multiple apps.
- Used Firebase Analytics and Crashlytics to track product impact and sustain app reliability.

Senior iOS Developer | Innovative Iteration Software Solutions | Surat, India *Aug 2017 – Apr 2020*

- Built and maintained 3+ production iOS apps in Swift, UIKit, and Objective-C, applying SOLID principles and Clean Architecture.
- Reduced crash rates by up to 90% in production through proactive monitoring and targeted bug fixes.
- Refactored legacy Objective-C codebases, cutting technical debt and improving long-term maintainability.
- Built reusable UI components aligned with Apple Human Interface Guidelines, enabling rapid iteration across features.

KEY ACHIEVEMENTS

• 1M+ users served across consumer apps at Cognizant.	• 30% app performance improvement via Architecture redesign at Cognizant.
• 20% deployment efficiency gain via CI/CD pipeline improvements at Ebizz Infotech.	• 90% crash rate reduction in production at Innovative Iteration Software Solutions.

TECHNICAL SKILLS

iOS Stack	Swift, SwiftUI, UIKit, Objective-C, Swift Concurrency (async/await), iOS SDK
Architecture	Clean Architecture, MVVM, SOLID Principles, Modularisation, TDD
Testing & Debug	XCTest, Unit Testing, UI Testing, Swift Testing, Performance Profiling
CI/CD & Delivery	GitHub Actions, Fastlane, Jenkins, App Store Connect, Gitflow
Tools	Firebase (Crashlytics, Analytics), Xcode, SPM, CocoaPods, REST APIs, URLSession
Process	Agile / Kanban, Cross-functional Teams, Technical Mentorship, Code Reviews

EDUCATION

Master of Engineering - Computer Science & Engineering

Jun 2018 – Jun 2020

Parul University, Vadodara, India

CERTIFICATIONS

- Meta iOS Developer Certificate - Coursera & Meta
- iOS 16 Swift & SwiftUI: Complete iOS App Development - Udemy
- Google Certified Project Management Professional - Coursera & Google

LANGUAGES

English - Full Professional Proficiency

German - A1, currently learning
